2. Damages covered under this insurance

(1) Standard Provisions for Personal Accident Insurance for Students Pursuing Education and Research

Cases where the insured (those who may receive compensation) suffers a physical injury in Japan or overseas as a result of a **sudden and unexpected accident** of an external origin in the course of educational and research activities in a school shall be covered.

(Note) "Illness" shall not be covered.

(Note) "Injuries" shall include the following:

- ① Toxic symptoms (excluding poisoning symptoms as a result of habitual inhalation, absorption or intake) arising suddenly from the accidental inhalation, absorption or intake of toxic gases or substances from external sources in one breath.
- ② Physical impediment arising from sunstroke or heatstroke.

"The course of educational and research activities" means:

① During regular curricular activities

- During classes with lectures, experiments, seminars, and practical training courses (hereinafter collectively as "classes"), including:
- a. Research for graduation thesis and dissertation under the supervision of an educator. However, this excludes research conducted solely in locations involving private circumstances.
 - b. Research activities conducted in the school library, reference room, language learning facility, or other locations in the preparation and clean up of lessons under the supervision of an educator.
 - c. While engaged in a curriculum at another university, junior college or technical college in accordance with Article 15 of the Standards for Establishment of Graduate Schools, Article 28 of the Standards for Establishment of Universities and Article 19 of the Standards for the Establishment of Technical Colleges. Moreover, "other university, junior college or technical college" mentioned in this paragraph shall include universities and junior colleges, etc. in foreign countries.
 - d. Schooling for correspondence students.

② During participation in school events

During participation in all educational activities which include the entrance ceremony, orientation, and graduation ceremony, and other events hosted by the school.

③ When on school premises during times other than ①, ②, or ④.

During periods when the insured is in school facilities owned, used or managed by the school for educational activities. However, this excludes periods in the dormitory, any activity held in times and locations prohibited by the school, and during conduct prohibited by the school.

④ During extracurricular (club) activities

During cultural or athletic activities in accordance with the school rules and regulations and under the supervision of a student group approved by the school. However, this excludes when the insured is engaged in mountain climbing, hang gliding, other dangerous sports, or activities held in times and locations prohibited by the school, and during conduct prohibited by the school.

(2) Additional coverage for commuting accidents

Limited to those enrolled in "Gakkensai" with this coverage

Cases where the insured (those covered under insurance) sustains a physical injury from an accident during the commute to school from his/her residence or when in transit between school facilities shall be covered.

① During the commute to school

While commuting to and from the residence (including the place of employment for those who enter the school after passing the entrance exam for adults)(*1) and the school facilities(*2) (until entrance onto grounds) for the purpose of participating in school classes(*3), school events, and extracurricular (club) activities of the school by reasonable route(s) and methods (excluding the methods prohibited by the school)(*4).

② In transit between school facilities(*2)

During transit by reasonable route(s) and methods (excluding the methods prohibited by the school)(*4) between school facilities owned, used, or managed by the school for educational and research purposes, as well as between locations where classes, school events, or extracurricular (club) activities are conducted, for the purpose of participating in school classes and other lessons (*3), school events and extracurricular (club) activities of the school.

(*1) "Residence" means: Building in which the student resides for daily life and the location used when attending school. This also includes the place of employment for those who enter the school after passing the entrance exam for adults. (*5) However, any place students need to stay other than their normal residence due to any event of force majeure such as extended commuting hours, natural disasters, or traffic conditions shall be considered the residence.

(*2) "School facilities" refers to facilities owned, used, or managed by the school for educational and research purposes, including locations used for conducting classes, school events, or extracurricular (club) activities.

(*3) For details regarding "school classes," refer to "During regular curricular activities" on page 1.

(*4) "Reasonable route(s) and methods (excluding the methods prohibited by the school)" means: Routes and methods thought to be generally used by students for traveling to and from their residence and school or between school facilities.

"Routes" of course includes routes noted on the school commuter ticket, but also refers to other routes which are considered to be generally used: these, too, shall be deemed as reasonable routes. Also, if detours are inevitable due to public transportation strike, roadblock, etc., and if the routes used for the detours are considered to be generally used, they shall also be considered reasonable routes.

Deviation/Interruption

In principle, damages incurred while or after deviating from a path (straying from a reasonable route for reasons unrelated to the participation of class or activity) or interrupting the commute/transit (stopping for reasons unrelated to the commute) will not be covered by this insurance. However, damages incurred after deviating or stopping during the commute on reasonable routes will be covered by this insurance if for purchasing materials necessary for class, school events or extracurricular (club) activities, or during the minimum time necessary for acts considered unavoidable in everyday life. The following are examples of such acts:

- (1) Purchasing a textbook necessary for class.
- (2) Purchasing prepared food items.
- (3) For students who live alone, going to a restaurant.
- (4) Voting in an election.
- (5) Medical checkup at a hospital or clinic.

"Methods" refers to means of travel that are generally used, including public transportation such as railways and buses, cycling, driving, walking, or other normal methods (excluding methods that are prohibited by the school), and shall be considered reasonable methods, regardless of whether they are regularly used or not.

(*5) "Entrance exam for adults" refers to the entrance exam for working members of society who are admitted under different methods besides those for general applicants for admission, such as by special selection exam for adults.

(3) Additional coverage for the prevention of contact infection

5. Main cases not covered under benefits

Injuries resulting from the following circumstances:

Intentional acts or gross negligence on the part of the policyholder, insured (those who may receive compensation) or beneficiary; suicidal, criminal or hostile behavior by the insured, accidents occurring while driving an automobile without a license, intoxicated or under other circumstances hindering normal driving such as being under the influence of drugs; medical treatment for brain disease, illness, insanity, pregnancy, childbirth, premature delivery, miscarriage, surgery, etc. (excluding treatment for injuries that are covered); earthquakes, volcanic eruptions or resultant tsunamis (excluding the time period that the insured is engaged in observing these natural phenomena); war, insurrection or riots; accidents resulting from the harmful properties of nuclear fuel material (excluding the time period that the insured is engaged in research or experimental activities conducted with nuclear fuel material, objects contaminated by nuclear fuel material or equipment that uses it); radiation exposure or radioactive contamination (excluding the time period that the insured is engaged in research or experimental activities using equipment that generates radiation or radioactivity); whiplash, backaches, etc. with no other medical findings; accidents occurring while mountain climbing (using mountain climbing tools like ice axes), luging, bobsledding, skydiving, hang gliding or engaging in other dangerous extracurricular activities off school grounds; competitions, test drives and free runs at stadiums using automobiles or other vehicles performed as extracurricular activities off school grounds (*1); execution of the insured's penal sentence; etc. Accidents not meeting the condition of "sudden and unexpected" such as acute alcoholism from drinking or injuries made worse by the passing of time.

(*1) If any of the above occur during regular curriculum or school events or on school grounds, they will be covered.

6. Procedures for changes of contract (Changes from day or evening classes, etc., withdrawal, absence from school)

(1) If you have signed up for a period exceeding two years, please inform the relevant section of your school (students section, student support section, health center, etc.) in the following situations:

① Changing from day, evening or correspondence classes.

a. Changing from evening to daytime classes

Payment will be requested for premiums corresponding to unearned years.

b. Changing from daytime to evening classes

Premium payments corresponding to unearned years will be partially refunded.(*1)

However, if the daytime section, nighttime section or correspondence section classification changes during the academic year, the difference in insurance premiums for that academic year will not be returned or claimed.

② Withdrawing from school (including removal from the register and death)

The unexpired premiums for the academic year shall be refunded according to the regulation in ① b.(*1)

However, the amount difference in premiums for the academic year for withdrawal from school midyear shall not be refunded.

③ Absence from school for 1 year or more in total during the period of insurance

Premiums for years of absence shall be refunded after the period of absence from school, according to the period of absence.(*1)

④ Changing your faculty or major, etc.

(2) If the length of the course of study is extended for reasons such as absence or repeated years, it will be necessary to follow procedures to extend coverage when the period of insurance ends. Please apply with the prescribed share of premium(*2) to your school.

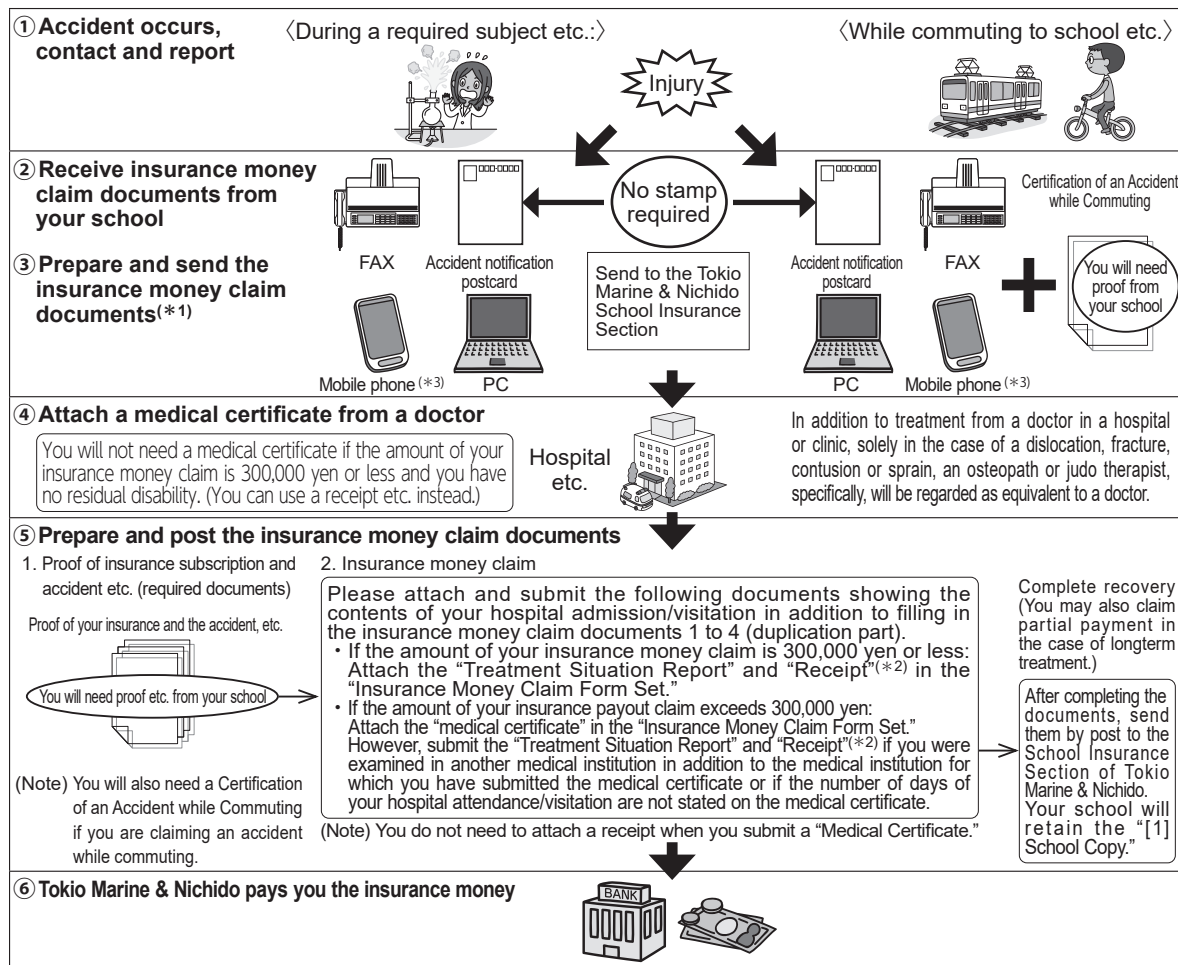

(*1) Transfer fees related to the refunding of insurance premiums are the responsibility of the insured.

(*2) Payment method of premium varies depending on school. For more details, please contact the relevant section of your school (students section, student support section, health center).

II. Procedures in the event of an accident

◀Flow from an accident to the payment of claims▶

(Note) For insurance claims made via SkettBook (the official Gakkensai app), please refer to the app version of the Handbook for Enrollment of Gakkensai.

(*1) The method of preparing and sending the accident notification documents differs by school. Therefore, please check with your school in advance.

(*3) Accident notification system (mobile version) QR code

(Top page of the accident) notification system

(*2) This should state your hospital admission/visitation period. If it does not, attach a copy of your patient registration card or complete the name of the medical institution on the "Treatment Situation Report."

1. Accident report

In the case of an accident covered under this insurance, please report the time, place, circumstances, and extent of damages of the accident within 30 days (including date of occurrence) to the relevant section (students section, student support section, health center, etc.) of your school. Subsequently, please notify the School Insurance Section of Tokio Marine & Nichido either using an accident notification postcard (available at your school), by fax, or alternatively, by PC/mobile phone via the Accident Report System.

(Note) Please note that insurance claims may not be paid if notice is not received within 30 days of the date of the accident.

(Note) The right to request claims is bound by the statute of **limitations to three years**.

In the following cases, in addition to reporting the accident via any of the aforementioned methods, please also complete the necessary sections and submit the following documents to the School Insurance Section of Tokio Marine & Nichido.

- For accidents while commuting to school: **Certification of an Accident while Commuting**
- For accidents while in transit between school facilities: **Certification of an Accident During Transit Between Facilities**
- For accidents caused by contact infection: **Certification of Examination Proving Contact Infection**

(Note) Accident notification postcards, Certification of an Accident while Commuting or Certification of an Accident During Transit Between Facilities, and Certification of Examination Proving Contact Infection are available at your school.

(Note) Please address any accident notices and/or insurance claims to the School Insurance Section of Tokio Marine & Nichido.

(See p. 8 for the address for insurance claims)

2. Insurance claim procedures

The insured or representative(*1) shall submit the following documents for insurance claims to the School Insurance Section of Tokio Marine & Nichido.

- ① Insurance claim documents (School verified documents and other proof)
- ② Medical certificate from doctor

However, a medical certificate from a doctor is not necessary if the benefit claimant himself/herself fills out and submits the treatment status report form with the receipt (which indicates the number of days for outpatient care; submit a copy of the patient registration card, etc. if there is no receipt) attached, in cases where claims are under 300,000 yen (in cases where the total with other liabilities is under 300,000 yen) and no physical impediment was suffered.

- ③ Other documents (see Article 25 of the Standard Provisions, Article 4 of Additional coverage for commuting accidents, and Article 3 of Additional coverage for the prevention of contact infection)

(*1) In principle, if the insured is a minor, the guardian shall file for insurance claims. Moreover, in principle, death benefit claims shall be filed by the legal heir of the deceased.

(Note) It is necessary to submit proof (details on receipt are okay) from the hospital for any days hospitalized.

(Note) Use the designated forms available at your school for the aforementioned documents in ① and ②.

(Note) In principle, claims shall be paid via bank transfers.

Important: After paying the insurance, the underwriting insurance company shall inform the General Insurance Association of Japan about the payment and based on this, the Association shall send a report of payment of insurance benefit to the school. Information on the payment of the insurance benefit related to the accident shall be shared by the underwriting insurance company, the school and the Association.

- The Contract Overview gives particularly important information for understanding the details of this product of insurance.
- The Points of Attention contains matters which may be disadvantageous to enrolling students and other matters which are very important to them. Please be sure to read them.
- This document does not contain all information about this insurance. Full details of the insurance contract are based on the insurance policy terms and conditions published on the website of the Japan Educational Exchanges and Services (JEES). For questions and concerns, please contact the section in charge at your school. (students section, student support section, health center, etc.)

(Note) Please keep something from which subscription details can be understood, such as this “Handbook for Enrollment of Personal Accident Insurance for Students Pursuing Education and Research” or the “Guide to Gakkensai”, etc.

1. Contract Overview

1. Framework and conditions of acceptance

(1) Product framework

This insurance is a group contract between Japan Educational Exchanges and Services (JEES), the policyholder, and students, the insured (those who may receive compensation), who are enrolled in schools that are supporting members of JEES. In principle, JEES reserves the right to request the insurance policy and the right to cancel the insurance contract.

(2) Compensation and Period of Insurance (Insurance Contract Period)

Please confirm ① conditions and types of claims payable under this insurance, ② main cases with no compensation, and ③ the period of insurance and other details on pages 1 - 5.

(3) Conditions of acceptance (the insured amount, etc.)

These are the underwriting conditions of the insurance of the prearranged insurance types. Please confirm the details of insurance types on page 4.

2. Insurance premiums

Premiums are decided based on the applicable share of premium and other factors. For information about the insurance premiums, please refer to the Guide posted on the website of the Japan Educational Exchanges and Services (JEES).

3. Maturity refunds and policyholders' dividends

There are no maturity refunds or policyholders' dividends under this insurance.

2. Points of Attention

1. Duplication of compensation

- In the event that the insured person or their family is already contracted for the same type of insurance product with some other insurer, it is possible that the scope of compensation may be duplicated. Please take time to examine and review the details of your contracts, in accordance with your needs.
- Moreover, in the course of reviewing your contracts in order to avoid duplication of compensation, when terminating contracts with outstanding indemnification, please be aware that any indemnification may not apply in future. Please exercise caution.

2. Duty of disclosure

At time of enrollment, the insured party is required to notify the underwriting insurance company of any important matters. (*1)

- If the insured party failed to disclose any pertinent matters, or if the items disclosed are found to differ from fact, the contract may be terminated or insurance claims may not be payable.
- When concluding an insurance contract on behalf of another person, any failure to disclose pertinent matters, or any variance from fact in regard to disclosed items caused either by conscious intent or major oversight on behalf of the insured party (those who may receive compensation) or that person's representative, and through no fault of the insuring party or their representative(s), shall be treated as indicated above.

(*1) This includes matters pertaining to other insurance contracts.

3. Points of concern after enrollment (duty of notice, etc.)

- Please refer to the details about the obligation to report withdrawal from school and the procedure in the occurrence of an accident on pages 5 to 6. Insurance claims may not be able to be paid or enrollment cancelled without providing notice and conducting procedures.
- Insurance premiums may change depending on the content of the contact we receive. In this case, we will bill or return premiums calculated for the period after the change in the content occurs in the notification items stated on the tally report etc.

4. Commencement date of coverage

Please confirm on page 1.

5. Main cases not covered under this insurance

Please confirm on page 5.

6. Handling of insolvent insurance companies

In the event that the underwriting insurance company should become insolvent, there may be cases where the payment of claims, refunds, etc. is frozen for a certain period of time or where the amount of claims, refunds, etc. is reduced. Moreover, this insurance shall fall under the Non-life Insurance Policyholders Protection Organization of the Insurance Business Act, and claims and refunds shall be partially compensated by the Organization. Partial compensation by the Organization shall be as follows:

- The period of insurance is under one year: In principle, 80% (or 100% for claims arising from an insured event within three months of the suspension of payment of an insolvent insurance company.)
- The period of insurance is over one year: In principle, 90% (or below 90% for over five years in the event that the rate of return on policies used to calculate premiums at the time of insolvency

of the underwriting insurance company has always been higher than the standard interest rate set by the cabinet minister in charge for the past five years.)

7. Coinsurance

For coinsurance, please confirm on the backside of the cover.

8. Handling of private information

Japan Educational Exchanges and Services (JEES), the policyholder of this insurance, will provide private information concerning the names, student numbers, payment dates, etc. of students enrolled in this insurance to the underwriting insurance companies in relation to this insurance. The underwriting insurance companies and their group companies will use such private information concerning this contract for the purposes of underwriting decisions, management and implementation of duties under this contract, provision of incidental services, information and provision of various other insurance and financial products and related services, conducting questionnaires, as well as in cases (1) to (6) mentioned below. The purposes of using particular confidential health and medical information (sensitive information) are restricted to the scope considered necessary for the appropriate operation of insurance business and the like, under the Insurance Business Law Enforcement Regulations.

- (1) Private information in this contract shall be provided to entities to accomplish purposes of use deemed necessary. Entities include entrusted businesses (including insurance agencies), insurance brokers, medical institutions, entities related to insurance claims and payments, financial institutions, and the like.
- (2) Private information shall be used in cooperation with other insurance companies and the General Insurance Association of Japan for the purpose of making decisions regarding insurance claim payments and other matters.
- (3) Private information shall be used in cooperation between Tokio Marine & Nichido Fire Insurance Co., Ltd. and its Group companies, as well as between Tokio Marine & Nichido Fire Insurance Co., Ltd. and affiliated companies for the purpose of providing and introducing products and services.
- (4) Private information shall be supplied to reinsurance companies for the purposes of entering, renewing and managing reinsurance contracts.
- (5) Private information shall be provided to secured parties for administrative procedures regarding the establishment, etc. of security rights of pledges, liens, etc., as well as the management, and exercise of such rights.
- (6) Insurance money claim information etc. (including past information) of those covered by insurance shall be provided to the policyholder and the student enrolled in this insurance to ensure stable operation of the contract (e.g., judgments of insurance underwriting relating to renewal contracts)

For details, please refer to the websites of Tokio Marine & Nichido Fire Insurance and other underwriting insurance companies.
Tokio Marine & Nichido Fire Insurance: www.tokiomarine-nichido.co.jp/

Private information will be included in a list of enrolled members prepared by their schools which JEES submits to Tokio Marine &

Nichido. Should you find it difficult to agree to the above, you are requested to inform JEES immediately. (Agreement to the above is required to enroll in this insurance.)

9. Request for cancellation by the insured

There is a scheme which allows the insured to cancel the enrollment in which he/she is involved. As to details of this scheme and procedures, please inquire using the contact number in the "Handbook for Enrollment." Please explain the content of this scheme to the family members of the insured.

10. Claim of insurance benefit by proxy

If for certain reasons the insured is unable to claim the insurance benefit, and in the absence of a proxy of the insured who is authorized to receive the insurance benefit payment, a family member such as spouse who satisfies specific conditions by the underwriting insurance company may stand as proxy of the insured in claiming the insurance benefit. As to details, please inquire using the contact number in the "Handbook for Enrollment." Please explain the content of this scheme to the family members of the insured.

11. Cancellation due to revocation of enrollment, nullification or significant reasons

In the event that the policyholder, the insured or recipient of

insurance money engages in fraud or coercion at the time of enrollment, Tokio Marine & Nichido Fire Insurance may revoke enrollment.

- Enrollment shall be nullified in the event that any of the following apply:
 - The insured person's consent was not obtained when designating a death insurance money recipient (except in cases where a legal heir of the insured is designated as the recipient)
- In any of the following cases, Tokio Marine & Nichido Fire Insurance may cancel enrollment. Note that in such cases, the company may not be able to pay the insurance money either in whole or in part.
 - The policyholder, insured or recipient of insurance money caused damages or injury with the purpose of having Tokio Marine & Nichido Fire Insurance pay insurance money based on this policy.
 - The policyholder, insured or recipient of insurance money is affiliated with organized crime or is deemed to be an otherwise antisocial force, etc.
 - The insured or recipient of insurance money engaged in fraudulent activity with respect to the claim for insurance money based on this policy.
